Memorandum

To Board of Public Works Date June 22, 1981

From Philip R. Boller, Director of Water Resources

Subject Change Order #27, Water Pollution Control Plant Expansion, Div. I

COPIES TO:

N. Wisler

I recommend Board of Public Works approval of the attached Change Order #27 and ask that the Board expedite this change order by asking Prior Approval from Common Council at their next scheduled meeting June 23, 1981.

Said Change Order is required to provide for the payment of the overhead costs for the 356 days of extension beyond the 156 days as provided in the approved Change Order #18.

Also, said change order provides for the removal of the credit extended in Change Order #23 for reduction of conduit and wire size to the 300 HP blowers.

SUBJECT: CHANGE ORDER #27, DIVISION 1, WATER POLLUTION CONTROL PLANT EXPANSION, FEDERAL GRANT NUMBER C-180538-01.

Gentlemen and Mrs. Schmidt:

Change Order #27 with Hagerman-Shambaugh, Contractors in the amount of $169,919.00 has been approved by the Board of Public Works.

Said change order is required to provide for the payment of the overhead costs for the 356 days of extension beyond the 156 days as provided in the approved Change Order #18.

Also, said change order provides for the removal of the credit extended in Change Order #23 for reduction of conduit and wire size to the 300 HP blowers.

In order to avoid any delay in construction, the Board respectfully requests a "Prior Approval" of the Change Order.

Special Ordinance for formal approval will be introduced in the near future.

Yours truly,

BOARD OF PUBLIC WORKS

CHANGE ORDER JUSTIFICATION

CHANGE ORDER NO. 27 - UPDATE OF
CHANGE ORDER NOS. 18 & 23

ITEM NO. 1 - ADJUSTMENT TO OVERHEAD COSTS
IN CHANGE ORDER NO. 18

Change Order No. 18 extended the contract time 156 days for the execution of the work contained within that change order. Additional, but unspecified, amount of time was recognized for equipment deliveries which could justifiably effect the actual length and cost of the time extension for the change order work (see page 4 of Change Order No. 18).

Figure 1 illustrates the time line of events of the Change Order No. 18 work. Note the contractor made an effort to reduce the equipment delivery time by placing the order for the equipment ahead of the EPA approval. In spite of every effort made by the contractor to minimize the equipment delivery time, the last equipment delivery (2500 amp bus) did not occur until 283 days past the time extension date established in Change Order No. 18. The contractor completed the system installation 63 days after receipt of the 2500 amp bus. Therefore, the contractor experienced overhead costs for 356 days in addition to the 156 days compensated by Change Order No. 18.

ITEM NO. 2 - REMOVE CREDIT EXTENDED IN
CHANGE ORDER NO. 23, ITEM NO. 17, FOR REDUCTION OF
CONDUIT AND WIRE SIZE TO 300 HP BLOWERS

During installation of the feeder cable to the two 300 HP blowers, it was noted that the three 750 MCM feeder cables shown on plan sheet E-5 could be properly substituted by three smaller 350 MCM cables. The contractor extended a credit for this reduction in feeder size in Change Order No. 23, Item No. 17. Subsequent review of contract Addendum No. 3 noted that the 350 MCM cable designation was contained in Addendum No. 3, Item Nos. 14-17, page 9D. Therefore, the contractor extended a credit for work that had been addressed in Addendum No. 3.
